ABOUT THE ARTIST

As a fan of the fantastical since childhood, Alyssa knew it was her destiny to add a little magic to the world. Through her designs she seeks to show the viewer a world that he or she has never seen before. This includes introducing new types of characters into the often archetypal fantasy genre. She uses both traditional media as well as digital software for her art.

Alyssa's education includes Pratt Institute and Queens College, as well as classes at The Art School at Old Church, School of Visual Art, and The Grand Central Atelier.
